Floor, Wisma IEM**

BEM APPROVED CPD/PDP HOURS: 3
CPD REF: IEM26/HQ/164/T

Synopsis

- Following the Government's call to reform outdated laws, including the Contracts Act 1950, this seminar explores proposed changes to Malaysian contract law, focusing on third party rights and their implications.
- Participants will gain a clear understanding of the doctrine of privity of contract, key provisions of the proposed reforms, and their practical impact on the construction industry—all explained in simple, accessible language.
