Technical Visit to KAREX BERHAD

Karex Berhad is a Malaysian-based global manufacturer and one of the world's largest producers of condoms and sexual wellness products. Founded in 1988 and listed on the Main Market of Bursa Malaysia (Stock Code: 5247), the company operates manufacturing facilities in Malaysia and Thailand, supplying products to more than 140 countries worldwide.

Karex was recognized as one of the world's largest condom manufacturers. Annual production capacity exceeding 5 billion condoms.

Karex utilizes advanced manufacturing technology, in-house engineering capabilities, stringent quality control systems, and international certifications to ensure product safety, consistency, and reliability for global markets. The visit to Karex provided participants with valuable exposure and insights into how rubber-based products such as condoms are manufactured while maintaining high standards of quality and sustainability.
