SYNOPSIS

Cheong Foundry which was established in 1970's, is today a reputed name in quality castings in Malaysia. The company has over 30 years experience in the sand casting industry, producing and fabricating ferrous castings for many industries. As a complete service jobbing foundry, we supply castings to a variety of industries that include: Oil & Gas, Petro Chemical, Off Shore Cranes, Mining, Quarry, Boiler and pumps.

The Company offers a variety of services that include castings from design to pattern assembly to machined products. Product Quality has always been the driving force for the company's personnel to further develop on adaptability, efficiency and competency. The company obtained ISO9001.2000 certificate in 2001.

Being in a strategic location has enabled the company, the ease of shipping and transportation. Over the years, they have established collaborations in different continents that include Europe, Australia, South America and Asia.
