SYNOPSIS

The Malaysia Competition Commission (MyCC) is an independent body established under the Competition Commission Act 2010 to enforce the Competition Act 2010. Its main role is to protect the competitive process for the benefit of businesses, consumers and the economy.

The Competition Act 2010, which came into effect on 1 January 2012, applies to all business activities within and outside of Malaysia as long as these activities have an impact on competition in the domestic market. Companies must ensure their business practices, contracts and dealings comply with the Act. Professional services have an important role to play in improving the competitiveness of the Malaysian economy with the result that their quality and competitiveness have important spill-over effects.

The objective of this talk is to, therefore, provide an overview of the Competition Act 2010 and discuss the findings of the "Market Review on Fixing of Prices and Fees by Professional Bodies" conducted by MyCC, with the aim of encouraging more pro-competitive mechanisms related to scale of fees.
