**IEM 52nd
Annual Dinner 2011**

by **Ir. Dr Cheong Thiam Fook**,
Chairman Organising Committee,
IEM Annual Dinner 2011

THE Mechanical Engineering Technical Division (METD) volunteered to take up the task of organising the annual dinner with a single purpose and objective in mind, *i.e.* to raise more money through the selling of dinner tables from this special IEM event. The Organising Committee was formed and we established the theme of this annual dinner as "Engineers, Building a Sustainable Nation".

Many of us might have forgotten the Vision and Mission, Functions and Objectives of the Institution, so I am pleased to remind all of us that The IEM Vision is to be the premier professional organisation pivotal to Malaysia achieving Vision 2020.

Are we on-track to achieving this noble goal?

The objective of the IEM Annual Dinner has never been neglected although we have introduced many changes to the programme which received immense support from the Organising Committee, Committee Members and the IEM Secretariat.

All we hope to achieve is to create an avenue for the members to enjoy themselves in the most relax manner after years or months of hard work. There were more than 10 meetings or discussions attended by Committee Members and working groups who had contributed quite a few ideas towards making this annual dinner the most memorable one.

The highlights of the dinner included more entertainment than awards. On top of that, mysterious gifts were awarded to lucky members. More importantly, we held our dinner at the remote, green and less carbon polluted Putrajaya Marriott Hotel. We trust that you have also enjoyed the delicious food at the event. ■
