BEM Approved
CPD/PDP Hours: 3
Ref. No:
IEM15/HQ/156/V

BACKGROUND

Amcorp Gemas 10.25MW Solar Power Plant is the latest addition to Amcorp Properties Berhad's renewable energy portfolio. Its 10.25MW solar power farm located in Gemas, in the state of Negeri Sembilan was commissioned in 2013 and is the largest single-site solar power farm in Malaysia. In recognition of this, the Amcorp Gemas 10.25MW Solar Power Plant was presented with a certification by the Malaysia Book of Records for being the largest grid-connected solar farm in Malaysia.

Built on an area spanning 34 acres with over 40,000 solar panels installed, the solar energy produced by Amcorp Power is sold to Tenaga Nasional Berhad via its Renewable Energy Power Purchase Agreement (REPPA) for a feed-in-tariff concession period of 21 years.
