### Synopsis – Introduction about Persada Plus

PLUS' main objective is to provide a safe, smooth and comfortable journey for its users and the PLUS Traffic Monitoring Centre (TMC) plays a vital role as the traffic management hub for the PLUS expressways.

With this in mind, PLUS has invested heavily to develop its new TMC in Subang which commenced operations in November 2008.

Dubbed as the most sophisticated traffic monitoring centre in the country, the TMC operates 24-hours everyday and covers more than 60% of all tolled highways in the country. The development of the new PLUS TMC is part of PLUS' efforts to provide better level of service.
